Understanding

Incident

Management

About This Handbook

The student names and data are fictitious. Handbooks are updated periodically by the San Diego Unified School District IT Training Team. It is designed to work in conjunction with policies and procedures required by the San Diego Unified School District and State of California. If you have any questions about how to execute these tasks in PowerSchool, please contact the IT Help Desk: (619)209-HELP (4357) or submit a support request online at <https://sandiegounified.freshservice.com/>

If you have any questions regarding district or state policies, please contact the SDUSD **Placement and Appeals Office** at (619) 725-8174 or email at pa@sandi.net.

NOTE: Dates and terms depicted throughout this handbook are used as examples and may not reflect the current school year or Term.

Incident Components

	Alternative to Suspension Offense	Suspendable Offense	Recommendation for Expulsion Offense
Behavior Code	The behavior code begins with [NS].	The behavior code begins with a number corresponding to the incident on the district's Suspension Form but does <i>not</i> end with a caret^.	The behavior code begins with a number corresponding to the incident on the district's Suspension Form and ends with a caret^.
Action	Any action except suspension or in-school suspension.	Suspension or in-school suspension, five days or fewer.	1. Recommended for expulsion. AND 2. Five days of suspension.

The PowerSchool Incident template allows a student to be assigned as any of the following four roles in a behavior incident:

- Reporter
- Victim
- Offender
- Witness

Staff or faculty may only be Reporters, Victims, or Witnesses.

NOTE: Create a separate Incident for every offender, even if there are multiple offenders participating in the same incident.

Complete Behavior List

The table below lists the Behaviors in alphabetical order as they appear in PowerSchool. The headers indicate behaviors that are used for **suspension** or **alternative-to-suspension**.

NOTE: The behaviors marked with a caret (^) in PowerSchool (Solid red circle on the Report on Suspension Form) are a **Must Recommend for Expulsion** offense and require a minimum of two selected Actions: **five days of suspension** and **recommendation for expulsion**. Behaviors on this list marked with an asterisk (*) are specific for grades 4th-12th.

Behavior	Used for Alternative- to- Suspension	Used for Suspension	May Recommend for Expulsion	Must Recommend for Expulsion	Requires Object Code	Subcode
[NS] Aid/Abet Physical Injury or Attempt	•					
[NS] Assault/Battery-School Employee	•					
[NS] Battery-Serious Injury	•					
[NS] Bullying	•

12D_S Stalking (Sexual Harassment) *		•	•			•

NOTE: Behaviors on this list marked with an asterisk (*) are specific for grades 4th-12th.

Complete Action List

When entering an incident, the action(s) you select *must* align with the Behavior Code selected. PowerSchool has validations in place to help you.

Action
Behavior Contract
Campus Beautification
Computer Use Privileges Revoked
Conference with Parent
Conference with Students
Detention
Home Visit
In Lieu of Letter (Elementary Only)
In-School Suspension
Mechanical Restraint
No Action
No Contact Agreement
Parent Visit
Recommended for Expulsion
Physical Restraint
Referral to Alternative-to-Suspension Program
Referral to Counseling Services
Referral to Counselor
Referral to Dean of Students
Referral to Intervention Program
Referral to Principal
Referral to Student Study Team
Referral to Vice Principal
Reported Incident to School Police
Restorative Conference or Circle
Safety Plan
Saturday School
School-related Arrest
Seclusion
Suspended from Bus
Suspension
Suspension of Pupil from Class by Teacher (New)
Time Out
Warning
Withheld Privileges

Behavioral Incident Tracking: Integration of Sub-Codes for Specific Behaviors

To support consistent documentation and escalation of recurring behavioral incidents, sub-codes must be integrated into the behavior logging system. These sub-codes are designed to track the frequency of specific behaviors that require progressive intervention. Not all behaviors will utilize sub-codes—only those identified as requiring structured monitoring. Refer to page 9 for a complete list.

- 1st Offense
- 2nd Offense
- 3rd Offense / 3 or More Offenses
- 4 or More Offenses

Placement and Appeals Action Codes

DO NOT USE the Action codes that begin with **P&A**. These are reserved for use by staff in the Placement & Appeals department:

- P&A: Expulsion Pending
- P&A: Hold/Special Ed
- P&A: No Proceed
- P&A: Out of District Expulsion
- P&A: Reinstate/Another School
- P&A: Reinstate/Board
- P&A: Reinstate/Causal
- P&A: Reinstate/Panel
- P&A: Revocation/Total Expulsion
- P&A: Suspended/Expulsion
- P&A: Total Expulsion
- P&A: Withdrawn by P&A
- P&A: Withdrawn by School

Suspensions

When entering an incident with a suspension, the Behavior selected *must* begin with a number, *e.g.*, 07A_S, and you *must* choose **Suspension** as the Action code. PowerSchool has validations in place to help you.

IMPORTANT! When a student is suspended, a paper suspension form must also be completed. The original goes into the student's cumulative records folder, and a copy is given to the parents. In the event of a recommendation for expulsion, a copy is forwarded to the Placement and Appeals department.

The suspension form can be found on the district's website:

1. From sandiegounified.org, click on **Staff Portal**
2. From the Our District menu, under Administrative click on **Forms - General**

-
3. Click **Student Discipline**
 4. Click **Report on Suspension**

In-School Suspensions

"In-school suspensions" are when the principal or the principal's designee, assigns a student to a "supervised suspension classroom" as defined in EC Section 48911.1 where the suspension classroom promotes completion of schoolwork and tests missed by the pupil during the suspension. ISS must be entered into Incident Management as a numerical suspension code with ISS selected as the action. "In-school suspensions" do NOT include:

- Reassignment to another education program or class at the same school where the pupil will receive ongoing instruction for the length of day at the assigned grade level.
- Referral to a certificated employee designated by the principal to advise pupils; or
- Removal from the class, but without reassignment to another class or program, for the remainder of the class period without sending the pupil to the principal or the principal's designee as provided in EC Section 48910.

Teacher-Initiated Classroom Suspensions

If a teacher exercises their right to suspend/remove a child from their classroom, which may not exceed two days, the teacher **MUST** notify the principal or principal designee, and the incident would only be entered into Incident Management IF the behavior is associated with a numerical suspension or [NS] code.

- If the principal or principal designee decides to assign the child to a "supervised suspension classroom" as described above, the incident would be listed as a numerical suspension code and ISS would be selected as the action.
- If the principal or principal designee decides to reassign the child to another class to receive instruction, refer to a counselor or support services, or assign a site-based intervention, the incident would NOT be listed as a suspension and would instead be assigned an [NS] code with the corresponding action.
- If the behavior is NOT associated with a numerical suspension or NS code, it would NOT be entered into Incident Management and would instead be entered into PowerSchool Log Entries.

If you have any questions regarding district or state policies, please contact the SDUSD **Placement and Appeals Office** at **(619) 725-8174**.

Part 2:

Entering

Incident

Data

Behavior Incident: Alternative to Suspension

Overview

Each incident requires a behavior code and an action code. Create a *separate* Incident in PowerSchool for each participant in a related incident.

When entering an incident with no suspension, select a behavior with [NS].

For example:

[NS] Aid/Abet Physical Injury or Attempt
[NS] Assault/Battery-School Employee
[NS] Battery-Serious Injury
[NS] Bullying

Behavior Code	Select the behavior code beginning with [NS]
Action	Select any Action from the dropdown <i>except</i> the following: ➤ Suspension ➤ Recommended for Expulsion ➤ In-school suspension

Entering the Data

1. There are two pathways to view, create, and modify Incidents:

Note: This pathway will allow you to create incidents for previous school years.

Option 1: On the **Start Page**, click **Incident Management** from the left side menu.

Note: This pathway will allow you to view historical incidents for the student.

Option 2: Or select a student from the **Start Page**. Under Administration, select **Incidents**.

2. Click **Create New Incident**.

3. Enter the incident information in each of the data fields.

Incident Type	PowerSchool will default to CA – State Reporting^ .
Incident Date	Use the actual date that the student committed the violation.
Time Frame	Choose from the drop-down menu when the incident occurred.
Title	Enter the Behavior(s). If the student committed more than one behavior violation, be sure to enter <i>all</i> of them in this field. (If space is an issue, abbreviate.) If you prefer, after completing Step 10 below, copy the text in the Behavior Description and then paste it into the Title field instead of typing it out.
Description (IMPORTANT)	Incident descriptions should include the following information: • Date and time when event took place • Brief description of what happened • Description of interventions or alternative-to-suspension program • Date, time and description of parent contact • DO NOT enter student names, instead use either first name/last name initials OR student ID number • NOTE: Info in the description should be a comprehensive and detailed account of the incident that will help you determine which Incident Elements to add to the incident (Behavior, Action, Object)
Location	In the drop-down menu, select where the incident took place.
Location Description	If it would make things clearer where the incident took place, enter a short clarifying description in the Location Description field. (This field is optional.)
Main Staff Contact for Incident	Enter the name of the person who assigned the Actions.
Police Incident/Event Number	If the police were called and they filled out a report, enter the Event Number.

4. Within the **Incident Builder** section, click the **green plus sign**.

The screenshot shows the 'Incident Builder' section. On the left, under 'Participants', there are three empty input fields for 'Reporters', 'Victims', and 'Offenders'. On the right, under 'Incident Elements', there is a table with columns 'Type' and 'Description'. The table currently shows 'No records found.' A red arrow points to a green plus sign icon in the top right corner of the 'Participants' section.

5. Enter the offending student's last name and click enter or **Search**. Or if the student's last name is already populated, proceed to step 7.

The screenshot shows the 'Search for Student, Staff, or Other Participants' dialog box. It has a 'Search Filter' section with the following fields: 'Last Name' (containing 'Bean'), 'Type' (set to 'Students'), 'Grade Level' (set to 'All'), 'Only Active' (checked), and 'Context' (set to 'Audeo'). A red box highlights the 'Last Name' field. A red arrow points to the 'Search' button. A callout box says 'Type last name of student. Click Search.'

NOTE: If the student is no longer active at your school, uncheck the **Only Active** box. If the student has already re-enrolled at another district school, select that school from the drop-down menu.

6. Click the offending student's name listed under **Results** and click **Add**.

Search Filter

7. The drop-down menu defaults to **Offender**, so click the **Add Participant Attributes** button.

Add Participant Attributes

Selected Person: Esha Scarlet Bean

Attributes 

Select Role(s) 

Offender  No subcodes defined

8. Click the **green plus sign** to the right of **Incident Elements**.

The screenshot shows the 'Incident Builder' window. On the left, there are sections for 'Participants' (Reporters, Victims) and 'Incident Elements'. The 'Incident Elements' section has a table with columns 'Type' and 'Description', and a message 'No records found.' A red box highlights the green plus sign icon to the right of the 'Incident Elements' header, with a red arrow pointing to it.

9. Click **Add Behavior**.

The screenshot shows the 'Incident Builder' window. A dropdown menu is open next to the 'Incident Elements' section, showing options: 'Add Action', 'Add Object', 'Add Behavior', and 'Add Attribute'. The 'Add Behavior' option is highlighted with a red box, and a red arrow points to it.

10.. Choose the appropriate behavior title from the **Behavior Code** drop-down menu and click **Add Behavior**.

Note: If you will be adding another **Behavior Code** to this student, be sure to check the **Primary Behavior** box for *the most severe offense committed*.

The screenshot shows the 'Add Behavior' dialog box. It has a 'Behavior Code' dropdown menu, a 'Primary Behavior' checkbox, and 'Cancel' and 'Add Behavior' buttons. The 'Behavior Code' dropdown menu is highlighted with a red box, and a red arrow points to it. The 'Primary Behavior' checkbox is also highlighted with a red box. The 'Add Behavior' button is highlighted with a red box.

Suggestion: Copy the text in the **Behavior Description** (omitting the number and square brackets (e.g., [1])) and then paste it into the **Title** field.

11. Click the green plus sign to the right of Incident Elements.

Type	Description
Behavior	[1] Computer Use Policy Violation

12. Click Add Action.

Type	Description
Behavior	[1] Computer Use Policy Violation

- Add Action
- Add Object
- Add Behavior
- Add Attribute

13. Complete the **Add Action** screen.

Add Action

Action Code: Detention

Action Date Range: Begin Date 8/19/2016, End Date 8/19/2016

Discipline Status (CASEMIS)^:

Buttons: Cancel, Add Action

Select Action from list. Choose begin and end dates.

Duration fields auto populate.

Action Code	From the drop-down menu, choose the desired Action (in our example, we will choose Detention).
Action Date Range	Enter the Begin Date and the End Date .
Action Taken Detail	Enter a <i>short</i> description of the Action that expands on the choice made in the Action Code drop-down menu above.
Duration Code	Defaults to School Days.
Assigned Duration	Auto-populates by date range selection.
Actual Duration	Auto-populates by date range selection.
Add Action	At the bottom of the screen, click Add Action . (Do not enter any data below Action Attributes .)

Optional

You may choose to add a reporter, victim, and/or witness to this incident. See page 46 for details.

Final Step

When you are finished adding all Behaviors and all Actions, click **Submit Incident**. The Incident Elements will populate into the Offender field.

The screenshot shows the 'Incident Builder' window. On the left, under 'Participants', there are sections for Reporters, Victims, Offenders (listing 'Esha Scarlet Bean'), and Witnesses. On the right, under 'Incident Elements', there is a table with two rows: 'Behavior' with a hand icon and '[1] Computer Use Policy Violation', and 'Action' with a star icon and 'Detention'. At the bottom right, there are two buttons: 'Cancel' and 'Submit Incident'. A red arrow points to the 'Submit Incident' button, which is also highlighted with a red rectangle.

Behavior Incident: Suspending a Student

Overview

When entering an incident for a student who has committed a suspendable offense and received a suspension or in-school suspension, **ALWAYS** enter Suspension or In-School Suspension as an **Action code**. When you choose the **Behavior** that the student committed, you are required to choose a **Behavior code** that begins with a numerical code (e.g., **06A S Property-Attempted to Steal**). Do *not* choose a Behavior that begins with [NS].

- The [NS] types are reserved for the times when you choose *not* to suspend a student.
- A paper suspension form must be filled out for out-of-school suspensions, as well. The original goes into the student's cumulative records folder, and a copy is given to the parents. The form can be found on the district's website:
 1. From sandiegounified.org, click on **Staff Portal**
 2. From the Our District menu, under Administrative click on **Forms - General**
 3. Click **Student Discipline**
 4. Click **Report on Suspension**
- PowerSchool automatically enters Suspension (S) or In-School Suspension (N) attendance codes when an incident is created. Communicate with your attendance clerk to confirm that PowerSchool correctly assigned suspension or in-school suspension to the appropriate period(s) and day(s). Manual adjustments to attendance may be required to accommodate a partial-day suspension.
- Be sure to create a *separate* incident in PowerSchool for each participant in a related incident.
- For the following Behavior violations, an **object code** is required to completing the incident:
 - 02B_S Knife-Possessed/Sold/Furnished
 - 02C_S Dangerous Object-Possessed/Sold/Furnished
 - 02D_S Explosive-Possessed/Sold/Furnished^

Behavior Code	The behavior code begins with a number corresponding to the incident on the district's Suspension Form but does not end with a caret^.
Action	Suspension or In-School Suspension, five days or fewer.

Entering the Data

1. There are two pathways to view, create, and modify Incidents:

Note: This pathway will allow you to create incidents for previous school years.

Option 1: On the **Start Page**, click **Incident Management** from the left side menu.

Note: This pathway will allow you to view historical incidents for the student.

Option 2: Or select a student from the **Start Page**. Under Administration, select **Incidents**.

2. Click **Create New Incident**.

3. Complete the **Incident Description** section of the **Incident Detail** screen.

Incident Type	PowerSchool will default to CA – State Reporting^ .
Incident Date	Use the actual date that the student committed the violation.
Time Frame	Choose from the drop-down menu when the incident occurred.
Title	Enter the Behavior(s), making sure to begin with the numeric/alphabetic code. If the student committed more than one behavior violation, be sure to enter <i>all</i> of them in this field. (If space is an issue, abbreviate.) If you prefer, after completing Step 10 below, copy the text in the Behavior Description and then paste it into the Title field instead of typing it out.
Description (IMPORTANT)	All out-of-school and in-school suspensions MUST be entered into PowerSchool as an Incident. Incident descriptions should include the following information: • Date and time when event took place • Brief description of what happened • Description of interventions or alternative-to-suspension program conducted or attempted, prior to the issuing of a suspension or in-school suspension. • Description and length of assigned suspension: “Student will serve #day suspension from DATE to DATE.” Note: If the student attended less than 4hrs of the school day prior to being issued the out-of-school suspension, that day will count as Day 1 of suspension. If the student attended more than 4hrs of the school day prior to being issued the out-of-school suspension, the following day will count as Day 1 of suspension. Please consult with Pupil Accounting for attendance policies. • Date, time and description of parent contact • “Next referral for same = [insert next steps]” • DO NOT enter student names, instead use either first name/last name initials OR student ID number.

	NOTE: Info in the description should be a comprehensive and detailed account of the incident that will help you determine which Incident Elements to add to the incident (Behavior, Action, Object)
Location	In the drop-down menu, select where the incident took place.
Location Description	If it would make things clearer where the incident took place, enter a short clarifying description in the Location Description field. (This step is optional)
Main Staff Contact for Incident	Enter the name of the person who signed the Suspension Form.
Police Incident/Event Number	If the police were called and they filled out a report, enter the Event Number.

4. Toward the bottom of the screen, click the **green plus sign** to the right of **Participants**.

5. Enter the offending student's last name and click enter or **Search**. Or if the student's name is already populated, continue to the next step.

NOTE: If the student is no longer active at your school, uncheck the **Only Active** box. If the student has already re-enrolled at another district school, select that school from the drop-down menu.

6. Click the offending student's name listed under **Results** and click **Add**.

Discipline Status (CASEMIS)^ [Dropdown]

[Cancel] [Add Action]

Select Action Code of Suspension or In-School Suspension. Duration days will auto-populate.

Action Code	From the drop-down menu, choose Suspension or In-School Suspension .
Begin Date	Enter the first day of the suspension or in-school suspension.
End Date	Enter the last day of the suspension or in-school suspension. Note: For a one-day suspension or in-school suspension, the Begin Date and the End Date are the same.
Action Taken Detail	Add any comments about this Action (this is optional).
Actual Resolution Date	This field is optional.
Duration Code	PowerSchool will automatically display School Days^ .
Assigned Duration	PowerSchool will automatically calculate the duration using the Action Date Range fields. If the student was assigned more days than were served, please adjust this number. (Waived days are only allowed for behaviors 10B, 11A, 11B, 11C, 12A, 12B, 12C, and 12D.)

Actual Duration	PowerSchool automatically calculates the duration using the Action Date Range fields.
Add Action	At the bottom of the screen, click Add Action . (Don't enter any data below Action Attributes .)

Optional

You may choose to add a reporter, victim, and/or witness to this incident.

Adding Object information

If you are entering an incident for *02B_S Knife-Possessed/Sold/Furnished*, *02C_S Dangerous Object-Possessed/Sold/Furnished*, or *02D_S Explosive-Possessed/Sold/Furnished* Behavior violation, you *must* continue with the steps below to add **object** information. If you are using any other Behavior violation, you do *not* add object information. Proceed to the **Final Step**.

1. Click the **green plus sign**, then click **Add Object**.

The top screenshot shows the 'Incident Builder' interface. On the left is the 'Participants' section with a 'Reporters' table. On the right is the 'Incident Elements' section with a table containing one row: 'Behavior' with a hand icon, '[1] 02B_S Knife-Possessed/Sold/Furnished', and two empty columns. A red arrow points to a green plus icon in the top right corner of the 'Incident Elements' section.

The bottom screenshot shows the same interface, but with a dropdown menu open next to the 'Incident Elements' table. The dropdown menu contains four options: 'Add Action' (with a star icon), 'Add Object' (with a cube icon), 'Add Behavior' (with a hand icon), and 'Add Attribute' (with a magnifying glass icon). A red arrow points to the 'Add Object' option.

2. **Object Code** defaults to **Weapons**. Choose the appropriate weapon from drop-down selection. Add Description and Quantity. Then, click **Add Object**.

The 'Add Object' dialog box is shown. It has a title bar with a close button (X). The 'Object Code' dropdown is set to 'Weapons^'. A red arrow points to the dropdown arrow icon. The 'Description' field contains '(10) Handgun^' and the 'Quantity' field contains '(40) Other Weapon^'. A red arrow points to the 'Add Object' button at the bottom right.

NOTE: When writing up *02B_S Knife-Possessed/Sold/Furnished*, *02C_S Dangerous Object-Possessed/Sold/Furnished*, or *02D_S Explosive-Possessed/Sold/Furnished*, always choose **Other Weapon** in the drop-down menu.

Final Step

3. When you have finished configuring this incident, click **Submit Incident** at the bottom of the screen.

Type	Description
Behavior	[1] 08A_S Tobacco-Possessed/Used
Action	Suspension

Optional: Add Reporters, Victims and/or Witnesses as needed.

When you have completed listing the Offender, Action, and Behavior- Click Submit

Cancel Submit Incident

4. Confirm suspension dates and click **OK**.

Attendance Reminder

Attendance for Esha Scarlet Bean will be updated to Suspension on 8/15/2016 - 8/16/2016 for the entire day(s). After submitting the incident, you may modify attendance at the period level, if needed.

Cancel OK

IMPORTANT! Communicate with your attendance clerk to confirm that PowerSchool correctly assigned attendance suspension codes to the appropriate period(s) and day(s). Manual adjustments to attendance may be required to accommodate a partial-day suspension.

Behavior Incident: Recommendation for Expulsion Offense

Overview

- For Expulsion procedures, contact Placement and Appeals Office at (619) 725-8174.
- When entering an incident for a student who has committed a recommendation for expulsion offense, the district requires a five-day suspension Action plus a recommended for expulsion Action.
- Be sure to create a separate Incident in PowerSchool for each participant in a related incident.
- PowerSchool automatically enters Suspension (S) attendance codes when an incident is created. Communicate with your attendance clerk to confirm that PowerSchool correctly assigned suspension attendance to the appropriate period(s) and day(s). Manual adjustments to attendance may be required to accommodate a partial-day suspension.
- A paper suspension form must be filled out as well. The original goes into the student's cumulative records folder, a copy is given to the parents, and a copy is also sent to Placement and Appeals (because the student is recommended for expulsion). It would be a good idea for the school office to keep a copy, as well. The form can be found on the district's web site:
 1. From sandiegounified.org, click on **Staff Portal**
 2. From the Our District menu, under Administrative click on **Forms - General**
 3. Click **Student Discipline**
 4. Click **Report on Suspension**
- For the following Behavior violations, you are required to add an object code when completing the incident:
 - 02B_S Knife-Possessed/Sold/Furnished
 - 02C_S Dangerous Object-Possessed/Sold/Furnished
 - 02D_S Explosive-Possessed/Sold/Furnished^

Behavior Code	The behavior code begins with a number corresponding to the incident on the district's Suspension Form and ends with a caret^.
Action	1. Recommended for expulsion 2. Suspension (five days)

Entering the Data

1. There are two pathways to view, create, and modify Incidents:

Note: This pathway will allow you to create incidents for previous school years.

Option 1: On the **Start Page**, click **Incident Management** from the left side menu.

Note: This pathway will allow you to view historical incidents for the student.

Option 2: Or select a student from the **Start Page**. Under Administration, select **Incidents**.

2. Click **Create New Incident**.

3. Enter the incident information in each of the data fields.

Incident Type	PowerSchool will default to CA – State Reporting[^] .
Incident Date	Use the actual date that the student committed the violation.
Time Frame	From the drop-down menu, choose when the incident occurred.
Title	Enter the Behavior(s). If the student committed more than one behavior violation, be sure to enter <i>all</i> of them in this field. (If space is an issue, abbreviate.) If you prefer, after completing Step 10 below, copy the text in the Behavior Description and then paste it into the Title field instead of typing it out.
Description (IMPORTANT)	All out-of-school suspensions MUST be entered into PowerSchool as an Incident. Incident descriptions should include the following information: • Date and time when event took place • Detailed description of what happened • Description of interventions or alternative-to-suspension program, conducted or attempted, prior to the issuing of a suspension/recommendation for expulsion • Description and length of assigned suspension: “Student will serve #day suspension from DATE to DATE.” Note: If the student attended less than 4hrs of the school day prior to being issued the out-of-school suspension, that day will count as Day 1 of suspension. If the student attended more than 4hrs of the school day prior to being issued the out-of-school suspension, the following day will count as Day 1 of suspension. Please consult with Pupil Accounting for attendance policies. • Date, time and description of parent contact • “Next referral for same = [insert next steps]” • DO NOT enter student names, instead use either first name/last name initials OR student ID number

	NOTE: Info in the description should be a comprehensive and detailed account of the incident that will help you determine which Incident Elements to add to the incident (Behavior, Action, Object)
Location	From the drop-down menu, select where the incident took place.
Location Description	If it would make things clearer where the incident took place, enter a short clarifying description in the Location Description field. (This step is optional.)
Main Staff Contact for Incident	Enter the name of the person who signed the Suspension Form.
Police Incident/Event Number	If the police were called and they filled out a report, enter the Event Number.

3. In the **Incident Builder** section, click the **green plus sign** to the right of Participants.

Action	Recommended for Expulsion
Action	Suspension

16. **Object Code** defaults to **Weapons**. Select from the drop-down and include a **description** and enter a **quantity**. Then, click **Add Object**.

Add Object

Object Code: Weapons^

Description: (10) Handgun^
(20) Shotgun or Rifle^
(30) Other Firearm^
(40) Other Weapon^

Quantity:

Cancel Add Object

Optional

You may choose to add a reporter, victim, and/or witness to the incident.

Submit Incident and Confirm Suspension Dates

17. When you are finished configuring this incident, click **Submit Incident** at the bottom of the screen.

The screenshot shows the 'Incident Builder' interface. On the left, under 'Participants', there are sections for Reporters, Victims, Offenders (listing 'Esha Scarlet Bean'), and Witnesses. On the right, the 'Incident Elements' table lists the following:

Type	Description
Behavior	[1] 02A_S Firearm-Possessed/Sold/Furnished^
Action	Recommended for Expulsion
Action	Suspension
Object	[1] Weapons^ - (30) Other Firearm^

At the bottom right, there are 'Cancel' and 'Submit Incident' buttons. A red arrow points to the 'Submit Incident' button.

Then, confirm suspension dates and click OK.

The screenshot shows an 'Attendance Reminder' dialog box. The text inside reads: 'Attendance for [First name, Last] will be updated to Suspension on 11/10/2015 - 11/17/2015 for the entire day(s). After submitting the incident, you may modify attendance at the period level, if needed.' At the bottom right, there are 'Cancel' and 'OK' buttons. A red dashed arrow points to the 'OK' button.

IMPORTANT! Communicate with your attendance clerk to confirm that PowerSchool correctly assigned suspension codes to the appropriate period(s) and day(s). Manual adjustments to attendance may be required to accommodate a partial-day suspension.

Adding a Reporter, Victim, or Witness

There are times when you might want to include other information to a behavior incident. For example, you might want to include the teacher who wrote a referral or who witnessed an infraction. Staff or faculty may only be Reporters, Victims, or Witnesses. Students may be Reporters, Victims, Witnesses or Offenders.

Reporters

1. To edit an existing incident, click either the blue link associated with the **ID** number or the **Title**.

ID	Title	Incident Type	Incident Date	Incident Location	School

Sort and Search

1. On the Start Page main menu, click **Incident Management**.
2. The current school year appears by default.
3. Select Time Frame and Incident Element to customize your search.

Time Frame options include:

- Current School Year
- Prior School Year
- Current Month
- Prior Month
- Date Range
- Specific Date

Incident Element options include:

- Behavior
- Action
- Incident Type
- Custom

The screenshot shows the Incident Management interface. At the top, there's a header "Incident Management" and a sub-header "Incident Counts by Behavior". Below this, there's a "Date Range" dropdown set to "Current School Year" and a date range "08/12/2024 to 08/07/2025". To the right, there's an "Incident Element" dropdown set to "Behavior".

Below the header, there's a grid of incident counts. The first row shows "4" for "01A_S Physical Injury-Caused/Attempted/Threatened". A callout points to this row: "Select a tile to view a list of incidents." Another callout points to the "Date Range" dropdown: "Select from the drop down menu to filter by Date Range." A third callout points to the "Incident Element" dropdown: "Select from the drop down menu to show incidents by Behavior, Action, Incident Type, or Custom."

Below the grid, there's a "Create New Incident" button. Below that, there's a search bar with "ID" and "=" dropdowns and a text input field. Below the search bar, there's a "Clear" button and an "Apply" button.

At the bottom, there's a table showing "1-10 of 59 Incidents". The table has columns: ID, Title, Incident Type, Incident Date, Incident Location, and School. The first row shows "03E_S Possess More than Pers Use-Alc/Contr Subst", "CA State Reporting*", "03/04/2025 03:19 PM", "Classroom", and a school name.

Using the Filter

From the Incident Management dashboard, you can sort within a particular behavior count or from your school's entire behavior list.

- The first column of the filter allows you to select a search field. Use the drop-down arrow to adjust the search.
- The last column contains a drop-down menu of search categories. After you make your first column selection, enter the search criteria. Depending on the first filter selected you will either type the search information or use the drop-down arrow and select from the options provided.
- To add additional filter selection, click the + sign.
- To remove all filter selections, click **Clear**.
- To delete a filter selection, click the – sign.
- To view data with your selected filters, click **Apply**.

1 Click on incident count. Incidents populate in the Data Grid below.

2 Make filter selection.

3 Chose additional search filter option. Then click Apply.

4 Apply

Using the Data Grid

- Click on the **incident ID number** or **title name** to open incident.
- Click the **column headings** to sort column data.
- To download the incident data in the grid, click the Download button and select the desired format from the pop-up menu.

The screenshot shows the 'Incident Management Data Grid' interface. It features a table with columns: ID, Title, Incident Type, Incident Date, Incident Location, and School. The first row is highlighted. A callout points to the 'Incident Date' column header with the text: 'Click on the column heading to sort the column data.' Another callout points to the 'ID' and 'Title' columns with the text: 'Click on the ID number or Title to open the incident.' A third callout points to the 'Download' button with the text: 'Click the Download button to select the desired format from the pop-up menu.' A hint box states: 'HINT: To display incident in a new tab, right click and then select open link in new tab.' The 'Download' button is highlighted, and a dropdown menu is visible with options: Comma-Separated Value (CSV), Excel Spreadsheet (XLSX), and Portable Document Format (PDF). The 'Download' button is also highlighted.

				09/24/2013	Action Not Assigned to Offender
				10/03/2013	Action Pre-dates Incident

7. Print the report by clicking the Printer icon in the upper right corner or create a PDF and save the report by clicking the blue **PDF** button at the top or click the blue **Copy** button to paste into Excel and then print.
8. See the table below that lists each error and what you need to do to correct the error.
9. Correct each error by editing the incident. See section Editing a Student's Behavior Incident Data in the table of contents.

Errors and Solutions

ERROR	SOLUTION
Action Not Assigned to Offender	Drag/drop the action to the offender.
Action Pre-dates Incident	Make sure that the incident and action dates are correct. More often than not, the incident date needs to be adjusted, since it defaults to the data entry date and users tend to forget to change it to the date that the incident occurred.
Actual/Assigned Duration >5 days	Suspensions cannot be assigned for more than five days. Please enter a value of five or less in both duration fields (actual and assigned).
Actual Duration > Assigned Duration	A student cannot serve a suspension longer than what was assigned. Please make sure the actual duration is the same or less than the assigned duration.
Actual Duration Must Equal Assigned Duration	Suspension days can only be waived for certain offenses. Please make sure the actual duration is the same as the assigned duration for this incident.
Behavior Not Assigned to Offender	Drag/drop the behavior to the offender
Duration not matching dates	Change the action's dates and/or duration fields to make sure they make sense with each other. Only enter whole numbers for the duration fields (no decimal places are allowed).
Incident has duplicate Behaviors	We cannot report the same offense more than once within the same incident. So, please remove any duplicate behaviors.
Incident has incompatible Behaviors	We cannot report the same offense more than once within the same incident. This includes behaviors with different codes but within the same category. Please pick the higher offense. These combinations cannot occur in one incident: 06A and 06B 08A and 08B 11A, 11B, and 11C 12A, 12B, 12C, and 12D

ERROR	SOLUTION
Incident requires Recommendation for Expulsion Action	Add a Recommendation for Expulsion action and drag/drop it to the offender.
Multiple Offenders Defined	Remove all but one offender from the incident and enter separate incidents for each offender.
No Action Dates	Enter the start and end dates for the action.
No Behavior Defined	Add a behavior and drag/drop it to the offender.
No Duration Defined	Enter values in the action's duration fields (assigned and actual).
No Incident Title	Enter a title, which should be the exact wording of the behavior
No Offender Defined	Add an offender. Or the offender might have accidentally been entered as a victim, reporter, or witness. In these cases, just drag the student to the offender area.
No Primary Behavior Defined	Check the "Primary Behavior" box for the most severe behavior.
No suspension (or ISS) Action assigned to suspension (or ISS) Behavior	Add a suspension or in-school suspension action and drag/drop it to the offender.
Suspension (or ISS) Action assigned to non-suspension (or ISS) Behavior	Change the behavior to a suspendable offense.
Suspension Duration must equal 5 days	Change the suspension's duration fields to "5."
Weapon incident without valid Object	Add the appropriate object for this weapon offense.
Weapon Object assigned to non-weapon Behavior	Add a weapon-related behavior or remove the object.

NOTE: This list is available electronically by clicking the blue "**here**" link before submitting the report:

sqlReport

Run sqlReport

Label	Value
Name	Error Report 1: Incident Report Errors
Description	This report details erroneous or missing information within a reported incident. A document is available to guide you in correcting these errors. Please click here to download this PDF document.

Submit

Error Report 2: Incident/Attendance Errors

Run the **Error Report 2: Incident/Attendance Errors** report at least once a month to find any possible suspension incidents that still need to be entered into PowerSchool's Incident Management. This report finds students who have suspension attendance codes (S) in attendance without a corresponding incident in Incident Management. It also lists incidents that *do not* have a corresponding S code in attendance.

1. From the start page under the **Reports**, click **sqlReports**.

2. Click **Behavior** to expand.

- Click **Error Report 2: Incident/Attendance Errors**.

- Then click **Submit**.

- Please wait patiently while PowerSchool gathers the data.

6. This report lists:

- Every S (suspension) in attendance without a corresponding incident with a suspension action in Incident Management.
- Incidents with suspension actions without corresponding attendance codes in attendance.

Sample Report:

Error Report 2: Incident/Attendance Err							
Parameters - Begin Date: 9/11/2013 End Date: 11/10/2015

Vac		25074	[1] 11A_S Disruption/Defiance-Minor	Jar		10/14/2015	Attendance does not show out-of-school suspension
Showing 1 to 6 of 6 entries							

- Print the report by clicking the Printer icon in the upper right corner or create a PDF and save the report by clicking the blue **PDF** button at the top or click the blue **Copy** button to paste into Excel and then print.
- Correct each error by entering the appropriate incident into Incident Management, fixing the action dates in an incident that has already been entered into Incident Management, or changing the attendance codes.

Errors and Solutions

ERROR	SOLUTION
Attendance does not show suspension.	Enter the incident into Incident Management for the day(s) that the student received a suspension or in-school suspension. OR Fix the dates for an incident that has already been entered into Incident Management to match what attendance shows
No incident matching suspension on given date.	Adjust student attendance to contain correct attendance codes (S for suspension) on the date(s) indicated in the incident.

List of Incidents with Action Details

You can run a report that lists all the incidents at your school.

1. From the start page under the **Reports**, click **sqlReports**.

2. Click **Behavior** to expand.

3. Click **List of Incidents with Action Details**.

4. Enter the desired date range and click **Submit**.

Run sqlReport -

Label	Value
Name	List of Incidents with Action Details
Description	This report provides behavior incident information as well as details about Actions and students associated with the incident. Enter a begin date and end date to run the report.
Begin Date	(MM/DD/YYYY)
End Date	(MM/DD/YYYY)
Run for the selected students	No v

NOTE: If you want to run this report for a selected group of students, change the drop-down “Run for the selected students” to “Yes.” You must first select the students before running this report.
