

EXHIBIT A — PLATFORM OMISSION (ONLYFANS)

Purpose

This exhibit documents the absence of standardized creator-side outcome disclosures and interaction transparency based on direct written correspondence with a platform operating a subscription-based adult content marketplace.

Record

- Inquiry submitted by: Stacey Kahns-Gray
 - Recipient: OnlyFans Support / Compliance
 - Method: Support ticket / written correspondence
 - Initial inquiry date: Feb 19, 2026
 - First response received: Feb 20, 2026
 - Follow-up response received: Feb 23, 2026
 - Additional inquiry (interaction conditions): Apr 4, 2026
-

Scope of Inquiry

The inquiry requested clarification regarding:

- Lifecycle outcomes of creators
 - Earnings distribution across participants
 - Long-term participation trajectories
 - Attrition and account lifespan data
 - Correlations between content type and revenue or retention
 - Subscriber interaction conditions and disclosure practices
-

Confirmed Omissions (Platform Acknowledged)

OnlyFans explicitly confirmed that it does not provide prospective participants with:

- Median earnings data
- Earnings distribution ranges
- Creator attrition rates
- Average account lifespan statistics
- Correlations between content type and revenue or retention
- Lifecycle outcome data related to participation

Additionally:

- No written documentation containing this data is provided at onboarding
 - No post-participation outcome tracking is disclosed
-

Interaction and Communication Disclosure Omissions

- Subscriber interaction conditions are not standardized or disclosed in a decision-usable form
 - The platform permits use of third-party agents (“chat assistants”) to manage subscriber communications
 - No platform-level requirement ensures that subscribers are informed who is responding at the time of interaction
 - Disclosure, if provided, is left to individual creators and is not standardized across accounts
 - No confirmation that such disclosures are presented clearly at the point of transaction
-

Platform Position (Summary)

The platform states that:

- Outcomes vary significantly between creators
 - Individuals are responsible for their own decisions
 - Internal metrics may exist but are not disclosed
 - Creators are responsible for all activity on their accounts, including communications conducted by third parties
 - Third-party management of subscriber interaction is permitted without standardized disclosure requirements
-

Status

This exhibit reflects direct platform correspondence and confirmed disclosure practices as of the current record.
